

1 AN ACT in relation to smoking.

2 Be it enacted by the People of the State of Illinois,  
3 represented in the General Assembly:

4 Section 5. The Illinois Clean Indoor Air Act is amended  
5 by changing Section 5 as follows:

6 (410 ILCS 80/5) (from Ch. 111 1/2, par. 8205)

7 Sec. 5. Smoking areas.

8 (a) The elected and appointed officials of the State of  
9 Illinois and of any unit of local government and of any  
10 school district, or their designee, having control over  
11 property of the State or of a unit of local government or of  
12 a school district which includes a public place, and the  
13 proprietor of a structure which includes a public place may  
14 establish an area on the premises as a smoking area where  
15 smoking shall be permitted, unless otherwise prohibited by  
16 law or ordinance. When establishing an area as a smoking  
17 area, a person establishing such area shall utilize existing  
18 physical barriers, ventilation systems, and other physical  
19 elements of the premises to minimize the intrusion of smoke  
20 into areas where smoking is not permitted. When a public  
21 place is a single room or enclosure, a person establishing  
22 such area may satisfy the purposes and provisions of this Act  
23 by establishing a reasonable portion of the room or enclosure  
24 as a smoking area.

25 (b) No person shall permit or require a minor under 18  
26 years of age to enter an area designated as a "smoking area"  
27 or to be in such proximity so that second-hand smoke can be  
28 inhaled by a minor under 18 years of age.
